

LUMINA TECHNOLOGIES

Employee Handbook & Company Guidelines

1. Welcome to Lumina Technologies

Welcome to the team! We are thrilled to have you join Lumina Technologies. This Employee Handbook is designed to introduce you to our company culture, outline our expectations, and provide a comprehensive overview of the policies and benefits that support our workforce.

At Lumina Technologies, we believe that our greatest asset is our people. We are committed to fostering an inclusive, innovative, and collaborative environment where every team member can thrive. This document serves as a shared foundation of understanding, ensuring that we all row in the same direction to achieve our collective goals. Please read this handbook carefully, as it establishes the guidelines and procedures that govern our daily operations.

"Empowering innovation through collaboration, integrity, and excellence." - Our Company Mission

2. Our Core Values

Our core values are the guiding principles that shape our behavior, decision-making, and interactions with one another, our clients, and the broader community. Every employee is expected to embody these values in their daily work:

- **Integrity:** We operate with uncompromising honesty, transparency, and ethical standards in everything we do. We hold ourselves accountable for our actions and follow through on our commitments.
- **Innovation:** We continuously seek new and better ways to solve problems. We embrace change, encourage creative thinking, and are not afraid to take calculated risks to drive progress.
- **Collaboration:** We believe that the best results come from working together. We support one another, share knowledge freely, and celebrate our collective successes.

- **Excellence:** We are dedicated to delivering high-quality products and services. We set high standards for ourselves and strive for continuous improvement in all aspects of our business.
- **Respect:** We treat everyone with dignity, empathy, and fairness. We value diverse perspectives and backgrounds, and we actively work to create a welcoming and inclusive workplace for all.

3. Code of Conduct

The Lumina Technologies Code of Conduct outlines the ethical and professional standards we expect all employees to uphold. We are committed to conducting our business lawfully and ethically.

3.1 Professionalism and Respect

All employees are expected to maintain a professional demeanor and treat colleagues, clients, and partners with respect. Harassment, discrimination, bullying, or any form of hostile behavior will not be tolerated. We are committed to providing a safe, inclusive, and equitable work environment free from discrimination based on race, color, religion, gender, sexual orientation, national origin, age, disability, or any other protected characteristic.

3.2 Conflict of Interest

Employees must avoid situations where their personal interests conflict, or appear to conflict, with the best interests of Lumina Technologies. This includes, but is not limited to, holding a significant financial interest in a competitor or supplier, or engaging in outside employment that interferes with your duties at Lumina. Any potential conflicts of interest must be disclosed immediately to Human Resources.

Anti-Bribery and Corruption:

Lumina Technologies strictly prohibits bribery and corruption in all forms. Employees must not offer, give, solicit, or accept any bribes, kickbacks, or improper payments to or from any person or organization in order to gain an unfair business advantage. All gifts and entertainment given or received must be of nominal value, customary, and properly disclosed in accordance with our Gifts Policy.

4. Workplace Policies

To ensure a productive and harmonious work environment, we have established the following workplace policies. These guidelines help us maintain operational efficiency while supporting work-life balance.

4.1 Working Hours and Attendance

Our standard core working hours are from 9:00 AM to 5:00 PM, Monday through Friday, in your local time zone. However, we recognize the importance of flexibility. Employees are expected to fulfill their role requirements and be available for core team meetings. Regular and punctual attendance is essential. If you are unable to work due to illness or an emergency, you must notify your manager as soon as possible.

4.2 Flexible and Remote Work

Lumina Technologies supports flexible work arrangements, including remote work and hybrid schedules, where appropriate for the role. Remote employees are expected to maintain the same level of productivity, responsiveness, and professionalism as they would in the office. It is the employee's responsibility to ensure they have a quiet, secure, and ergonomically sound workspace when working remotely.

4.3 Dress Code

We maintain a "dress for your day" policy. While our general office attire is business casual, employees should use their judgment based on their schedule. If you are meeting with clients or external partners, business professional attire may be required. Regardless of your schedule, clothing should always be neat, clean, and appropriate for a professional environment.

5. Information Technology and Security

Protecting Lumina Technologies' data and IT infrastructure is everyone's responsibility. The following policies govern the acceptable use of company technology resources.

5.1 Acceptable Use of Devices

Company-provided hardware, software, and network resources are intended for business purposes. While limited personal use is permitted, it must not interfere with your productivity or

compromise company security. Employees must not use company equipment to access, download, or distribute illegal, offensive, or inappropriate content.

5.2 Data Protection and Privacy

Employees have a legal and ethical obligation to protect the confidential and proprietary information of Lumina Technologies, our clients, and our partners. This includes financial data, trade secrets, personal employee information, and strategic plans. Confidential information should only be shared on a "need-to-know" basis and must be securely stored. Do not leave sensitive documents unattended, and always lock your computer screen when stepping away.

Cybersecurity Best Practices:

- Use strong, unique passwords for all accounts and enable Multi-Factor Authentication (MFA).
- Be vigilant against phishing attempts. Do not click on suspicious links or download unverified attachments.
- Ensure all software and operating systems on company devices are kept up-to-date.
- Report any lost or stolen devices, or suspected security breaches, to the IT Helpdesk immediately.

5.3 Social Media Policy

We respect the right of employees to use personal social media. However, employees must be mindful of how their online presence reflects on the company. Do not post confidential company information, disparage competitors, or speak on behalf of Lumina Technologies unless explicitly authorized to do so by the Communications department. Always be clear that your opinions are your own.

6. Employee Benefits and Leave

We are dedicated to supporting the physical, mental, and financial well-being of our employees. Lumina Technologies offers a comprehensive benefits package designed to help you and your family thrive.

6.1 Paid Time Off (PTO) and Holidays

We believe that taking time away from work is crucial for maintaining balance and preventing burnout. Full-time employees accrue 20 days of Paid Time Off (PTO) per year, in addition to standard public holidays. PTO can be used for vacation, personal days, or illness. We encourage all employees to fully utilize their PTO each year. Requests for time off should be submitted to your manager in advance, preferably at least two weeks prior for extended leaves.

6.2 Health and Wellness

Lumina Technologies provides comprehensive health, dental, and vision insurance plans for all full-time employees and their eligible dependents. Coverage begins on your first day of employment. In addition to standard medical coverage, we offer an Employee Assistance Program (EAP) that provides confidential counseling, mental health resources, and financial advisory services at no cost to the employee.

6.3 Professional Development

We are invested in your continuous growth and career advancement. Employees are encouraged to pursue professional development opportunities, including training courses, certifications, and industry conferences. Lumina Technologies provides an annual professional development stipend of \$1,500 per employee. Please discuss your development goals and potential use of these funds with your manager during your regular 1-on-1 meetings.

7. Performance and Growth

Lumina Technologies operates on a continuous feedback model. We believe that regular, constructive conversations between employees and managers are more effective than annual reviews alone.

7.1 Performance Reviews

While feedback should be ongoing, formal performance check-ins occur bi-annually. These check-ins are an opportunity to review accomplishments, discuss areas for improvement, set goals for the upcoming period, and align on career development trajectories. Performance is evaluated based on both the achievement of objectives and the demonstration of our core values.

7.2 Internal Mobility

We prioritize promoting from within and encouraging employees to explore new roles that align with their career aspirations. Open positions are posted on the internal job board for two weeks before external recruitment begins. Employees who have been in their current role for at least 12 months and are in good standing are eligible to apply for internal transfers.

8. Health and Safety

Lumina Technologies is committed to providing a safe and healthy workplace for all employees. Everyone is responsible for maintaining safety standards and complying with occupational health regulations.

Employees must report any workplace hazards, accidents, or injuries to their manager and HR immediately, regardless of how minor they may seem. Familiarize yourself with emergency evacuation procedures and the location of first aid kits and fire extinguishers in your work area. Violence, threats, or weapons of any kind are strictly prohibited on company premises.

Acknowledgment of Receipt

By signing below, I acknowledge that I have received, read, and understood the Lumina Technologies Employee Handbook. I agree to comply with all policies, guidelines, and procedures outlined within this document. I understand that this handbook does not constitute an employment contract and that the company reserves the right to modify or amend its policies at any time.
